

## Christ Church Detroit Adult Bible Class 2023-2024

*King David on an Israeli stamp*

In his book, *The Art of Biblical Narrative*, Robert Alter, scholar of Hebrew poetry and biblical translator, suggests, "...biblical narrative, from the beginning of Genesis to the end of Chronicles, is an account of how divine word—and in more ambiguous ways, often human word as well—becomes historical fact . . . The Chronicler is impelled to rewrite these stories [of the Patriarchs and the Kings of Judah] in order to make them yield a picture of divinely ordained political and cultic practice."
